

What to Do After a Car Accident Involving Uber or Lyft Vehicles

Ridesharing services have become an attractive alternative to buses and taxi cabs, but accidents involving these vehicles are a quagmire of legal liability. Uber and Lyft drivers may be unregulated and underinsured, and failure to follow [the right steps after a car accident with a rideshare driver](#) may leave victims without adequate compensation.

Study Says Businesses Fail to Address Slip and Fall Risks

A recent risk management study found that half of businesses fail to properly identify slipping hazards on interior floors. Store owners could be found at [fault for slip and fall accidents](#) if they install tiles or flooring with poor slip resistance, fail to perform ongoing slip prevention maintenance, or use cleaning supplies that reduce friction on floors.

Mistakes to Avoid After a Truck Accident

The high stress and rushing adrenaline after a crash can cause many drivers to say and do things that ruin their ability to collect compensation. Even if they are still able to file claims, the [mistakes victims make after a truck accident](#) can result in lost evidence, delayed insurance payouts, and lower payment for their injuries

Recent Lawsuits Highlight the Amputation Risks of Invokana

Two more plaintiffs have filed lawsuits alleging that taking Invokana caused them to undergo foot and leg amputations. Both plaintiffs filing [Invokana amputation](#) lawsuits had been on the diabetes medication for less than a year before suffering the loss of a leg below the knee. The cases join several pending Invokana injury lawsuits claiming that the drug's manufacturer, Johnson & Johnson, was aware of the risks to patients but withheld the information from the public.
